Included in this section you will find the Ingredients the text as well as the wire frames for Tar and Nicotine Numbers and Ingredients. The wire frames show you the organization of the pages to assist in understanding how users will search for tar and nicotine and Ingredients information. For your editing convenience, the text that appears in the wire frames is also attached as word documents where appropriate. Please make all content edits to the attached word documents. Where a word document is not available, please make edits on the wire frame.
